

Sweet Feet

Created by Clella Gustin

Time to do 1 hour

Level beginner

Instructions

Using 12 pegs wrap both strands around these pegs and turn and knit back and forth for 12 rows.

Take the beginning stitches and put them up and over the pegs as you would if you were making a brim on a hat, knit these stitches and continue knitting for another 12 rows.

Cut the yarn you are knitting with about 14" from the knitting. Using the yarn needle thread the end of the yarn back through the 12 loops on the pegs and pull tight for the toe.

Tie the yarn at the toe and then sew or weave up the top or front of the bootie.

Finish by chaining a piece of yarn about 12" long and thread through the fold on the top of the bootie. Make a pom-pom and tie on each end of the string. You could also use a piece of ribbon if you do not want to make the pom-poms.

What you will need

Provo Craft Supplies

Knifty Knitter small loom (blue) and pick

Using one strand of each Lion Brand Jamie Classic (Peppermint Pink) and Lion Brand Babysoft (Baby Print).
